Highway shops consider forming BIA tier

Merchants in the core area of Minden are examining the possibility of expanding the community's Business Improvement Area to include the business sector along the Highway 35 corridor. A meeting to discuss the various aspects of such a move was held Thursday evening at the municipal council chambers.

Residents observe watering rules

This summer's dry spell is not hitting the Village of Minden's water supply as hard as in some other areas of the province, thanks to the co-operation of residents in restricting their usage.

Public Works Superintendent Gene Newell said Friday that village residents are complying with the request that they limit their outside water use to a specific time. So far there is no shortage of water in Minden, he said. But if everyone is watering their lawns and gardens throughout the day, the pumps just can't keep up.

Last week, council requested that residents limit their watering of lawns and gardens to one hour in the evening between 7 p.m. and 8 p.m.

The meeting was attended by individuals representing 18 businesses both within the existing BIA and from along the highway. Colleen Bawn from the Ministry of Municipal Affairs in Toronto was on hand to explain the benefits and pit-falls of the undertaking.

She explained that there were four ways the business community along the Highway could be included in the BIA activities. A formal expansion of the BIA boundaries to encompass the area was the first, including the highway area under a second tier level of the existing BIA, a third was for the Highway 35 businesses to form a separate BIA, and finally, establish informal links that would include those outside of the BIA area in some of the activities of the organization. She noted that in a number of ways, this fourth option already is happening in the Minden area.

To expand the BIA under any of the first three options, she noted, would require a formal procedure, similar to that which the downtown area went through when the business organization was formed in 1980. Under that procedure, if merchants, representing at least a third of the realty assessment in

(more on page 12)

Two cars lost control in the gravel on County Road One last Thursday morning.

Loose gravel causes 2 spills

Loose gravel along a construction area of County Road One was the cause of two consecutive accidents last Thursday morning near Gelert.

Within minutes of each other, two cars skidded off the roadway and into the south ditch. The first car ended up in a small creek a few yards from the road's edge and the second rolled onto its side in the culvert.

Everyone involved was taken by ambulance to the Minden Hospital where they were treated and released.

The accidents took place about 600 metres west of Valley Road shortly after 11 a.m. Sections of the road are being resurfaced this summer, and fresh gravel has been laid in those areas.

Minden police report

that the first car, a 1985 Buick, was driven by Marjorie Frances of Minden. She was westbound on County Road One when she lost control of the vehicle in the loose gravel. Damage to her car was described as moderate.

Just minutes later, a second car, a 1979 Oldsmobile driven by Margaret Bushey of

Willowdale, got caught up in the same loose gravel. Bushey was also westbound on the road when she lost control of the car at the same spot. The car slipped off the south shoulder and entered the ditch, rolling onto its side.

Bushey sustained a broken pelvis as a result of the accident. Nora Omnet, a passenger in Bushey's car, received some bruises.

Fire protection will continue, council insists

One way or another, Lutterworth Township will have fire protection when its contract with Anson, Hindon and Minden expires at the end of the year.

Lutterworth Council is repeatedly reassuring its residents that fire protection will be in place, whether it is through an extension of the contract with Minden or through an

agreement with another municipality, there will be fire protection. In the mean time, though, council is moving ahead on its plans to set up a Lutterworth Township Fire Department.

Three residents of Lutterworth Estates attended last Thursday's council meeting asking for an update on the situation. Bob Harrington, president

of the residents' association asked council to co-operate with Minden at least for another year.

Until the end of this year, a section of Lutterworth Township will receive its fire protection through an agreement with Minden. However, because Lutterworth is refusing to pay a 100 per cent fee increase, Minden council has indicated that

it is not interested in renewing the contract in the new year.

Fire protection is the only thing that residents of Lutterworth Estates get for their taxes, Harrington told council Thursday. He said he can understand why council is frustrated by its dealings with Minden council on this matter. However, "getting your back up doesn't help

the people of Lutterworth," he said.

Although council has taken the initial steps toward setting up a fire department in Lutterworth, they realize it is almost impossible to have one in place by the year end. Deputy Reeve Carol Puffer said she has been talking informally with members of Minden Council about the situa-

tion. She and all other members of council are very confident that some form of fire protection will be in place at all times.

A Lutterworth Township Fire Protection Committee has been established to look into the formation of a department. In mid July, this committee will be meeting with Bill Wilson from the Fire Marshall's office.

McKnight guilty of sexual assault

Leslie Ronald McKnight was found guilty of sexual assault last week in Provincial Court in Lindsay.

McKnight, 55, of

Minden, will be sentenced on July 25 when a pre-sentence report is completed. He was tried on this charge before a judge and jury.

MNR bans all fires

The fire danger rating in the Algonquin region, which includes the area covered by the Minden District office of the Ministry of Natural Resources, has been changed to a restricted fire zone.

The change means that all campfires in the district are banned. Last week all fire permits in the district were cancelled and travellers in the bush were asked to take extreme care with fires. The latest restrictions were imposed Thursday and continue until midnight tonight. However, unless a significant rainfall occurs over the district, it is likely the restrictions will be extended.

As if to underline the seriousness of the situation, members of the

local fire crew were called out Thursday night to deal with a two and a half hectare fire near the Frost Centre, the result of a campfire that was not completely extinguished.

In addition to concerns about local conditions, fire crews from this area have been assisting in northern Ontario, where conditions are even more severe. Locally, staff from the district office trained in fire fighting, are providing back-up for the regular fire crews.

The following press release was issued Friday by the district office of the Ministry of Natural

Fire department is needed

Regardless of the circumstances that have led Lutterworth Township Council to the conclusion that it needs a fire department of its own, we feel that this is a wise move that will certainly benefit the entire township in the long run.

Due partly to a disagreement with Anson, Hindon and Minden Townships Council, Lutterworth Council is now looking seriously at setting up its own fire department. While this will very likely cause taxes to increase in Lutterworth, this will be more than offset by improved fire protection.

Presently, Lutterworth buys its fire protection from three other municipalities. And while this was adequate in the past, Lutterworth has surely outgrown this basic level of protection.

Some will certainly argue that the present system is still good enough. However, in all likelihood, they are unaware of the pitfalls that come with the system.

One of the problems with rented fire protection is the fact that the municipality is dependent on other municipalities. Lutterworth's disagreement with Minden's evidence of the kind of dissent between two neighbours that this can cause.

More importantly, though, is the level of protection the municipality is getting for its money. Under the agreement with Minden, a fire in Lutterworth automatically has a lower priority than a fire in Minden. When the Minden Fire Department is fighting a blaze in Lutterworth, there are no guarantees that it will not be called away to a fire in Minden. And, because Lutterworth cannot participate in the county's mutual aid system without its own fire department, there is no back-up fire protection to fill in if the Minden department is called away.

Setting up a fire department will not be an easy task. The availability of manpower to fill a volunteer force is questionable. The availability of funding for equipment and a fire hall is also something that must be dealt with.

However, it is clear that Lutterworth Township should have its own department. It is encouraging to see that the groundwork is now underway.

Two in the bush.

Russ Duhaime, photo.

Getting ticked off about littering

Pollution is nothing but the resources we are not harvesting. We allow them to disperse because we've been ignorant of their value.

Buckminster Fuller

I realize this is bound to sound a trifle trivial in a world beset with nuclear missiles, terrorist fanatics and an AIDS scare, but *boy* the way we litter ticks me off.

I live in the country, and most mornings I go for a walk along a country road. Most mornings I could easily fill a couple of Glad bags with the pop cans, beer bottles, cigarette packages and plastic excrement from McDonalds and Kentucky Fried Chicken that have

black 'n white

by Arthur Black

been flung by unthinking clods into the ditches overnight.

That's just the casual litter. Sometimes the louts and slobs who uglify our byways put their tiny minds to it and really do a job. There's a spot on my walk where a lovely stream bubbles over limestone boulders and into a small gorge right beside the road.

I'm afraid you'll have to take my word for it, 'though. The gorge is plugged with rotting mattresses, rusting refrigerators and sundry other lumps of detritus abandoned by citizens who couldn't be bothered to drive to the dump.

What do they think about, these creeps and clods who wind down their windows and shovel out their pickups onto public land? Not much, I guess. I don't imagine they think any more than the kids I pass outside the high school, who shuffle along leaving a wake of candy wrappers and cigarette cellophane

(more on page 5)

Grass cutting - what's the use?

I finally cut the grass the other day. Finally is the key word here. I was waiting for the caterpillars to descend from the denuded skeletons we call trees and turn their voracious appetites toward a more protective end, the lawn. Alas, they must have realized, as many have, how unfun it is to go for the grass, and became introverts, hiding in their yellow cocoons.

As you may have gathered, I am not big on mowing the lawn. Oh, I admit there is a sense of satisfaction and reward when one gazes

across the carpet of green cropped to the same height. It looks good ... for about eight hours. After that, the dandelions that I merely pushed over, rather than brutally slicing off its vital juices, has returned to the vertical, along with hundreds of other odds and sods, to quickly destroy any symmetry I worked so hard to achieve.

It's a hot, noisy, dirty, bug-infested, sweaty, thankless job - but somebody's got to do it - usually me. Like washing the car, cutting the grass serves little useful purpose

jack's world

by publisher Jack Brezina

other than to reduce the looks of scorn and derision from neighbours and passers-by. The only true satisfaction I can ascribe to this practise is the personal space it creates. Enveloped in a shroud of noise, unapproachable because of the danger of flying objects and blue tinged epithets, I can almost tune out what

I'm doing (one mustn't tune out totally - I have a pair of open-toed sneakers to prove that) and do some serious cogitation. I have solved more of the world's problems, and my own, mentally debating pros and cons and I marched to and fro behind the blue-grass brutalizer. Amid all the noise and toil, a special

tranquility exists that perhaps, just perhaps, makes the task somewhat bearable.

(Having now exposed the brown and arid underbelly of my lawn, Gene Newell, you have my solemn word, I will not, under any circumstances, place this community's water supply at risk by even thinking about watering my grass).

* * * * *

Several weeks ago, I wrote about word play, liopgram, in which the object is to eliminate a

letter of the alphabet from a familiar or existing work, while retaining close to the same original meaning and rhyme scheme, in the case of poetry. I used the example of the nursery rhyme, "Mary Had a Little Lamb", in which all the letter 'S' 's had been removed. I also issued a challenge for would-be lipogramists to re-pen the ditty without the letter 'E'. Cartoonist Anker Odum likes playing with words, and still believes that a picture is worth a thousand

(more on page 11)

Get rich — collect bottles

(from page 4)
behind them.

Of course when you think about it, they don't have much in the way of role models do they? What are the executives of steel and pump and paper mills thinking about when they pump their crap into rivers, lakes and public air space? What are our farmers thinking about when they allow manure from their herds and chemicals from their fields to seep into streams?

What am I thinking about when I curse the cost of a catalytic converter on the exhaust system of my car?

We all "litter" in our own lazy ways, and sometimes it seems as if the whole thing is just too complex to be bothered with.

Don't, however, try to convince Doctor Wilbert

Danner of that.

Doctor Danner is a professor of geology at the University of British Columbia. He too, is addicted to morning walks. He too, was distressed by the slough of trash he had to wade through to take them.

But then Doctor Danner had his moment of truth. He came to a discarded beer bottle and, instead of cursing it, he picked it up and put it in his napsack. Same with the next one. And the next. Very soon the professor's napsack was a-bulge to bursting, so the next day he took a bag with him. The bag became a fixture of his morning walks.

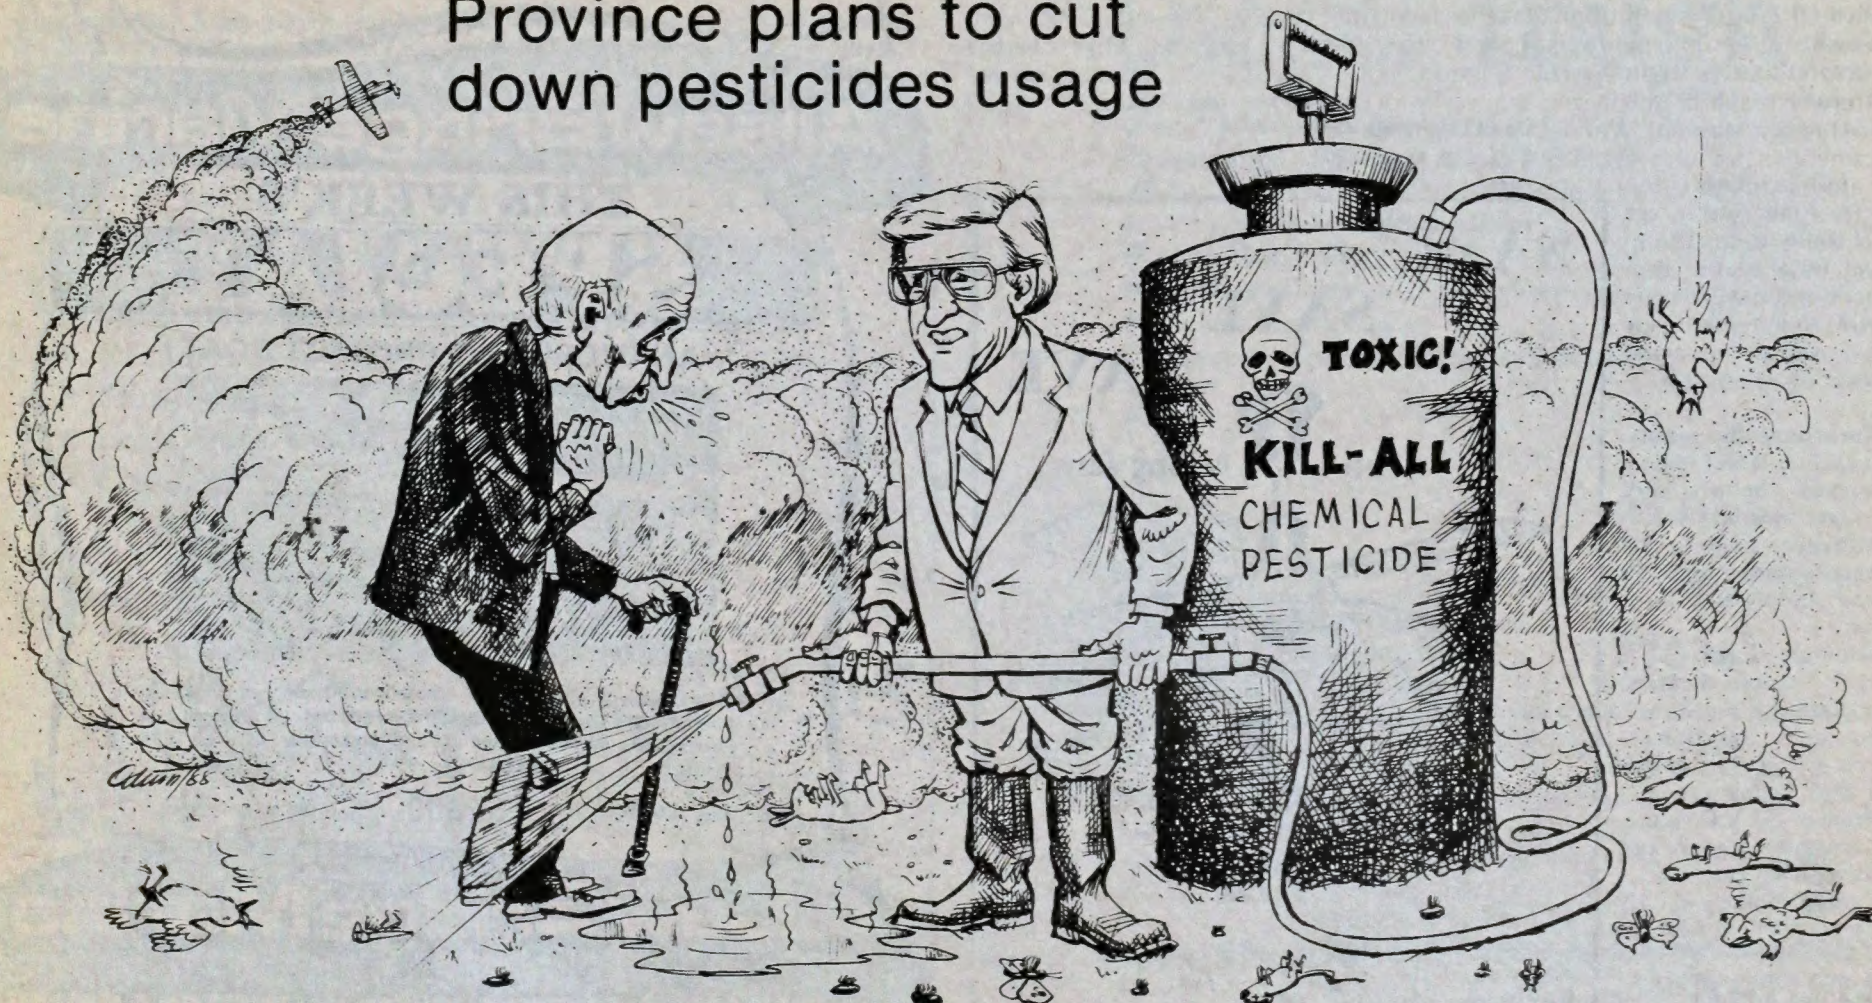

That was a few years ago. Doctor Danner is, if anything, an even more avid beer and pop bottle/can collector nowadays. He's even made a few converts who scour the ditches and roadsides with him.

They make much? Thousands. Enough to create a university scholarship fund. The nickles and dimes the Doctor and his cohorts receive for the returns they collect go into the "Beer, Pop Bottle, Can Deposit Refund Bursary". Professor Danner and his scavengers fund enough bottles and cans to swell the bursary by more than a thousand dollars each year.

I don't suppose many of us would be as dedicated or tenacious as Doctor Danner when it comes to scrounging, but I know one thing: if every Canadian picked up just one beer bottle today, the ditches of this nation would be some twenty-five million beer bottles lighter come nightfall. And at a nickle a bottle refund, there'd be some one and a quarter million dollars floating around between your pockets and mine.

Sounds like good business to me.

Province plans to cut down pesticides usage

"DON'T WORRY- IN 15 YEARS' TIME WE'LL HAVE THIS PROBLEM HALF LICKED."

The Shuffleboard competition in the Haliburton County Senior Games came to a close last Monday with the team of Don and May Sinclair winning the gold pin. They edged the team of Gord and Mae Jones in the final at the Minden shuffleboard courts. The Sinclairs will travel to Brampton in August for the provincial playdowns.

HIGHWAY 121 - HALF WAY BETWEEN HALIBURTON & MINDEN

457-2282

3 - car pile-up, one injured

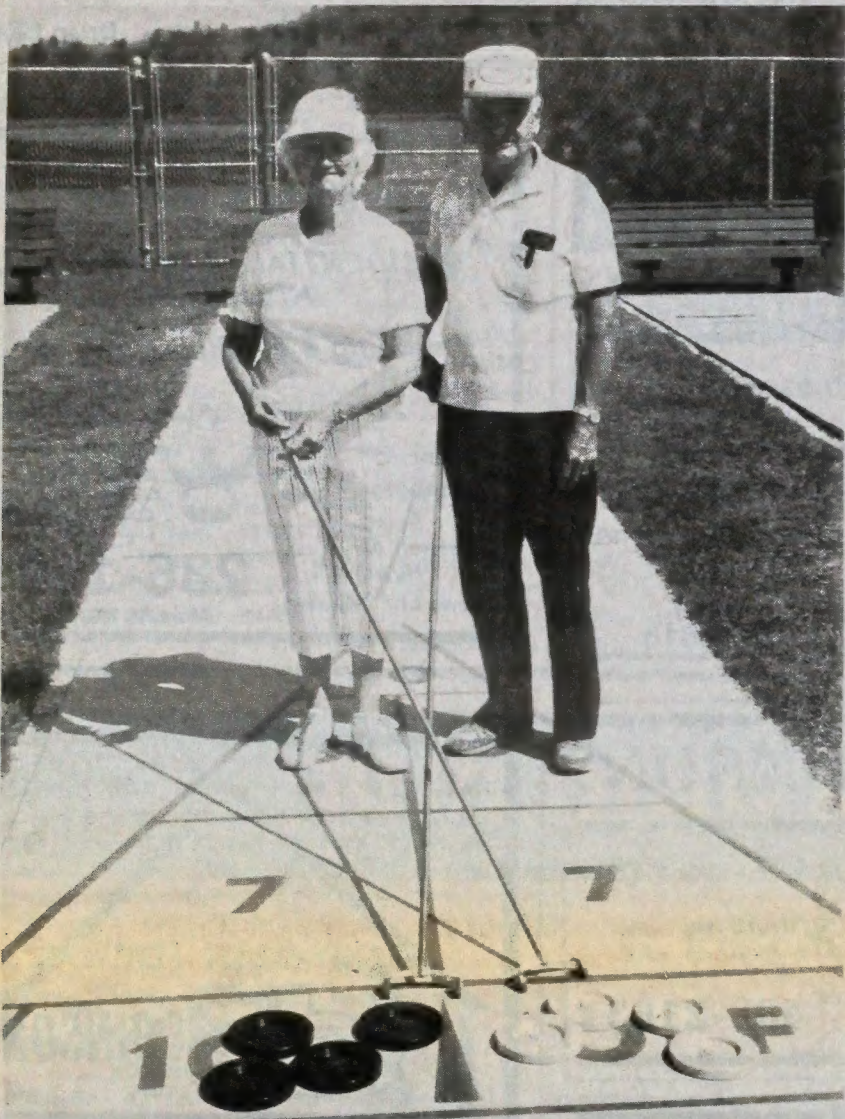

A three-car accident on Highway 35 north of Highway 121 on June 11 has resulted in one passenger being hospitalized.

The accident occurred when Donna Schley of Oakwood was northbound on Highway 35 and stopped to allow another

vehicle to make a turn. The second vehicle, driven by Jeffery Barry of Haliburton and the third vehicle driven by Chiu-

Fung Wong of Toronto collided with the car in front, police say.

Both Barry and Wong have been charged with following too close. OPP Constable Wayne Smith investigated.

Gord and Mae Jones played two good games in the finals of the shuffleboard portion of the Haliburton County Senior Games last Monday. However, their opposition, Don and May Sinclair, played better that day to take the gold pin. The Joneses won the silver, while Mr. and Mrs. Ray Knapp took the bronze.

letters

Editor:

According to your June 13 edition the Ride for Sight raised \$325,000 from the Minden Riders.

I wonder if some of the responsible parties in this endeavour would be agreeable to spending a couple of hundred of those donated dollars in the cleanup of skid tracks left on the courts of the Minden Shuffleboard Club. There are always a few idiots in a crowd like that.

Yours, for more responsibility,

W. H. Ingram,
Minden.

Restricted Fire Zone covers Algonquin region

(from page 3)

Resources:

The Minister of Natural Resources has declared a Restricted Fire Zone in parts of southern Ontario beginning at midnight Thursday, June 16 and ending at midnight Monday, June 20, 1988.

Restricted Fire Zone covers MNR's Algonquin Fire Region where 19 fires are burning at present. The area is bounded by the French and Mattawa rivers in the north, Georgian Bay in the west, the Ottawa River in the east and in the south by a line that runs roughly from Ottawa through Peterborough to Orillia and ending at Owen Sound.

"The fire situation continues to be serious in the province," Natural Resources Minister Vincent Kerrio said. "We must take this step to alert people to the danger and urge them to exercise extra caution in the forests."

The Restricted Fire Zone prohibits all burning, including campfires for warmth and cooking. Propane and charcoal burners are permitted but should be used with care.

In the Algonquin Fire Region, extended drying conditions combined with severe defoliation caused by tent caterpillars have created extreme fire hazards.

The minister has also

extended the deadline for a Restricted Fire zone in a large portion of northern Ontario to midnight Monday, June 20, 1988.

The area covers MNR's Northeastern and Northern Regions and includes an area north of the French and Mattawa rivers and east of a line running from Lake Superior, north through White River to Hudson Bay.

The fire hazard in this portion of northern Ontario is extreme.

"We need the help of the public in eliminating the number of fires caused by carelessness," Mr. Kerrio said.

Since Restricted Fire Zones have been declared in parts of the province, the

number of fires caused by the careless use of fire has declined.

A Restricted Fire Zone in place for all of northern Ontario west of a line from Lake Superior, north through White River to Hudson Bay, will expire at midnight Thursday, June 16, 1988.

"The dry conditions and the lack of rainfall this spring have created a situation where any source of ignition has the potential to create serious forest fire problems," Mr. Kerrio said. "I urge everyone to use extreme caution when travelling through forested areas."

Calling all young actors: Disney comes to Highlands

How many times has someone said to you, "You ought to be in pictures!" Well - here's your chance. Disney Productions will be shooting a new movie set in 1935, in this area July 11 through 22. The production is called "Looking For Miracles" and will be directed by Kevin Sullivan

of Anne of Green Gables fame.

The casting director and her assistants are on the lookout for boys ages 8 to 13 who can swim and canoe, etc., also boys approximately 18 years old to act as counsellors.

They are also interested in a few moms and dads,

typical matrons and five giggly girls ages 12 to 14.

The shooting will take place at Camps Kandalore, Calumet and Chateau Woodland.

Keeping in mind the action takes place in 1935 the women should have long hair and the men and boys be prepared to wear

theirs very short. If you're interested and wish to be part of this exciting production, the casting director will be at the Minden Legion (formerly the Fireside Restaurant) on Tuesday, June 21 from 3 to 7 p.m. Make sure you bring all your measurements and ... good luck.

Hustlers keep winning

The Minden Rockcliffe Hustlers were on the road Sunday, to take on the Woodville squad. The Hustlers led by the powerful hitting of Barry Shaw, with a home run and 2 singles and the strong pitching of brother, Brian,

came away with a 7 - 0 victory.

Back home on Thursday, June 16, the Hustlers once again shut out the Woodville team by a score of 5 - 0. Jack Snell had a 1 hit pitching performance to record the win.

In the first inning, Bob Johnston homered, as did Barry Shaw to score Dwight Sisson. In the second, Greg Newell homered, Jack Snell doubled to score Dwight Sisson to bring the runs to 5.

Doug Shaw had a good night at the plate with 2 hits, Alec Little and Jaime Dollo each had singles.

This victory was the fifth straight shut-out for the Hustlers, to bring their record to 6 wins, 1 loss on the season.

Put that letter back

(from page 5)

of them. He offers the following E-less song to Mary and her sheep, and a sketch to illustrate her less than benign intentions:

Mary had a tiny lamb
With wool as bright as snow.
If Mary had to go to town
It too was bound to go.
As Mary had no cash to buy
Food in victual shops,
I'm sad to say our tiny guy
Wound up as mutton chops.

And, from the book that started it all, The Insomniac's Dictionary, I offer this rendering:

Mary had a tiny lamb,
Its wool as pallid as snow.
And any spot that Mary
did walk
The lamb would always go.

The lamb did follow Mary
to school,
Although against a law.
How girls and boys did
laugh and play

That lamb in class all saw.

I still welcome your
attempts on this one. Send
them along, care of The
Times.

Ladies lose 5 - 3

Monday evening the Rockcliffe Snack Bar ladies soft ball team played host to Haliburton. It was a tight game with the Minden squad coming out on the short end of a 5 - 3

score.

The winning pitcher was Marcie with Bonnie taking the loss.

On Tuesday the Minden Seniors and Rockcliffe team were to play, how-

ever, the Seniors forfeited the game due to a lack of players.

Other scores from the week's action are unavailable.

2nd BIA meeting planned

(from page 1)

the affected area, objected, the proposal would not proceed. If one third of the businesses in the area file a formal objection, an Ontario Municipal Board hearing would have to be held to determine if the by-law would proceed.

When the present Minden BIA was being formed, an OMB hearing was held, however, none of those who had filed formal objections made presentations at the hearing and the legislation was approved.

Colleen Bawn noted in her remarks to the merchants that the existing BIA has not been as active recently as it could be. She suggested this interest in enlarging the area may foster a renewed interest in the organization. However, she suggested that before the formalities are undertaken to enlarge the BIA membership, an effort should be made to identify the goals and objectives of the organization.

She noted by doing so, the merchants will identify, not only what they expect from the organization, but how the needs and expectations of the businesses outside the downtown area differ from

those in the core. The ministry spokesman said, as an example, street beautification would likely not be a high priority for highway based businesses. The funds gathered for that purpose can only be spent on municipal property and many of the businesses outside the core area front on a provincially owned roadway. Lot sizes on the highway tend to be larger, she also noted as an example, which could mean the businesses could pay a proportionately higher levy. She noted this could be overcome by setting maximum amounts any one business could be assessed for BIA purposes.

The ministry representative said the business community does share a great deal in common, between the two areas. This could result in a co-operative effort on such areas as promotion, marketing and other ventures which would be seen as a benefit to the business community as a whole.

Comments offered by those in attendance indicated an interest in some form of a co-operative effort between the two sectors of the business community. Reg Raby of Moynes Furniture told the

gathering he felt that improvements in one area of the community benefitted all merchants and that an effort should be made for the entire business community to work together. Others also expressed the shared interest of all merchants in the Minden area.

Reeve Sinc Nesbitt, suggested that another meeting should be held to determine the depth of interest in enlarging the BIA or in formally incorporating the businesses outside the downtown area in a common effort. He suggested the municipality should be formulating a strategy which would eventually see the redevelopment of the two main routes leading into the village, similar to the work just completed on Main Street north of the bridge. He noted this would help to tie the two business areas together and give a sense of connection between the commercial areas of the village.

A decision on when another meeting might be held was not taken, but it would appear that one will be held in the near future to consider the proposals in greater depth.

RIDE gets 10

The Peterborough and District OPP RIDE team was in the Minden area during the June 11 and 12 weekend while the Ride for Sight was being staged.

The RIDE officers, along with the detachment personnel, laid 10 charges of impaired driving, one narcotic charge and gave four 12-hour suspensions. They also laid charges for 19 liquor violations.

This type of enforcement by the Minden detachment will continue on a year-round basis in an effort to reduce drinking and driving related tragedies.

Custom-made quilt brings back memories

It was January 1939. The depression still lingered in the communities of the Haliburton Highlands. In places like Kinmount, many continued to be unemployed or only found work on a seasonal basis.

The tough economic times did not reduce the keen interest in sports and the Kinmount Nighthawks were a popular hockey team. The community followed their games avidly.

The Nighthawks had travelled to Woodville on a chilly night in mid-January for one in a series of games. Percy Brown was on defense for the Kinmount team. He had grabbed the puck after a skirmish in his end of the rink and was heading up the ice when an opponent caught him against the boards. "It felt like someone had jabbed me in the knee with a pin," Percy recalls. The pain continued as he was carried from the ice. He remembers when the hockey pad was removed from his leg, his foot fell over sideways. He had sustained a broken knee.

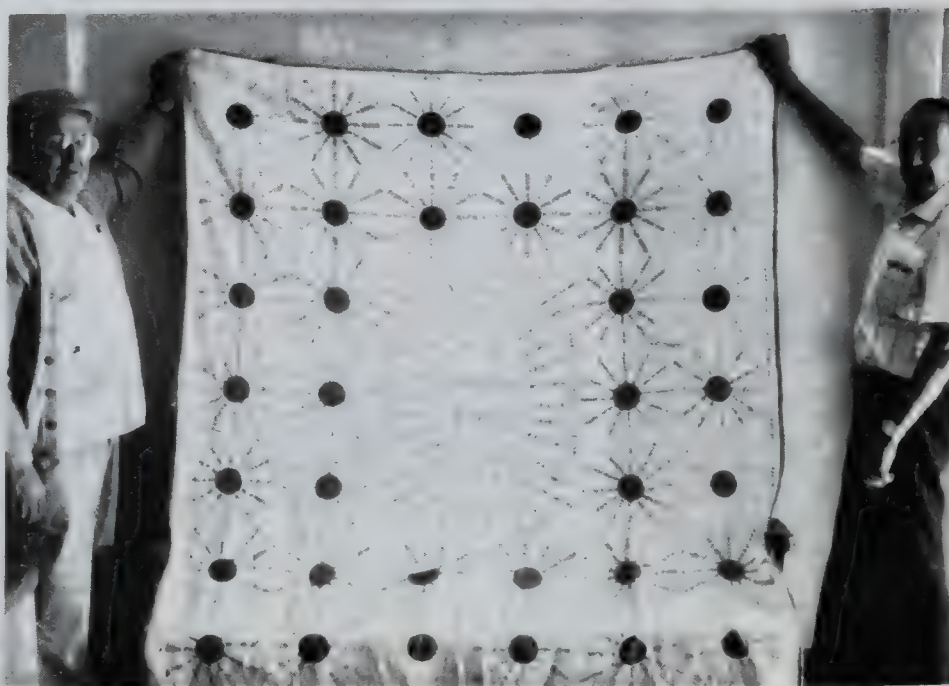

Percy was taken to Ross

Memorial Hospital in Lindsay where he began a three month convales-

cence. The nature of the break and the location meant the healing would

take a lot longer than had

(more on page 17)

Percy Brown, right, and hockey team mate from 1939, Norm Gilmore, hold the quilt the community used as a fund raiser for Percy following an accident during a hockey game with Woodville. The quilt contains 520 names.

Kinmount rallied to aid Percy

(from page 16)

he broken a leg or arm. Back home, the community was concerned about the health of the 18 year old hockey player. There were constant inquiries about his progress and concern expressed about the lengthy hospital stay that was sure to be costly. However, once again the community banded together.

A committee was formed to spearhead a fund raising effort. Tapping the resources and skills at hand, the ladies of the community offered to sew a quilt for Percy, inviting residents to have their names included in the design for a ten cent contribution.

520 residents, supporters, team mates and enthusiasts contributed to the effort. All the members of his team were included in a special section and all the members of the Woodville team added their contribution to the effort.

After Percy returned from the hospital, the quilt was ready, and it was presented to him with the following letter:

It is a great pleasure for us all to gather together to honour our friend Perce Brown, and to celebrate his recovery from the broken leg he received in a hockey game last winter.

We are certainly glad to see you are making such progress in walking, Perce, and that before long even

the cane will be discarded. We all look forward to seeing you back on the ice again next winter, helping to keep Kinmount famous for her hockey team.

Needless to say, the hockey team have missed you. Such a hard time did they have in getting along without you that they didn't win another game since your accident. We have all missed you equally as much, and it's a great treat to have you back again with that million-dollar smile of yours.

As a token of our high esteem for you, more than five hundred people of this district have had their names put on this quilt, the proceeds of which is fifty-three dollars.

On behalf of the persons whose names you see on the quilt, and on behalf of the ladies who did the quilting, I present these to you with out very best wishes.

Mrs. J. Swinson
Mrs. A. Creigo
Mr. I Swinson
Mrs. W. E. Lyle

Percy responded:

I wish to convey to you one and all, my heartiest thanks for the many many kind deeds you have shown me during the time I have been laid off work through my unfortunate accident.

I especially wish to remember the Ladies who

have worked so hard and faithfully in order to get this beautiful quilt ready to present me. As I look over the names of the people from far and near who have so kindly donated money, I consider myself fortunate, and would say it is good to be here.

To the Hockey Association who did everything in their power to help, I take off my hat and sing, "For They Are Jolly Good Fellows Which Nobody Can Deny".

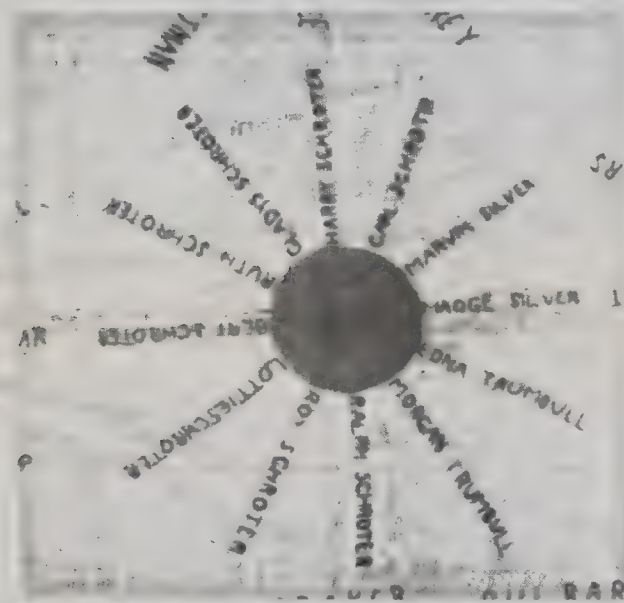

While in the Hospital the numberless treats, cards and encouraging letters I received did much to help wile away the restless hours I spent while there, and I take much pleasure in again thanking you. I remain

Very Sincerely Yours,

Percy Brown

The injury was the end of Percy's hockey career, but he has always cherished the quilt and the community spirit and support it represents for him.

Just recently, Percy, who now lives in Lindsay, had another operation on the knee, which has continued to bother him since 1939. This latest surgery eased the pain he has experienced. He still retains fond memories of the winter of 1939 when the community rallied to his support.

Detail, showing some of the 520 names on the quilt.

1988 deer hunt will be extended

The success of its deer management program has again allowed the Ministry of Natural Resources to extend hunting seasons and open seasons in new

areas.

"The deer population has more than doubled since 1980 to over a quarter of a million animals due to deer management pro-

grams and milder winters," said Natural Resources Minister Vincent Kerrio.

The ministry's selective deer harvesting program holds densities at levels just below the carrying capacity of the range.

The current deer population is considered high. MNR's program for managing deer at these levels is designed to sustain the health of the animals and avoid dramatic changes in deer numbers usually associated with overpopulation.

Changes in the 1988 season include new gun and archery seasons.

Wildlife Management Units 8 and 38 will have new gun seasons. A shotgun season has been added in Wildlife Management Unit 72A where only archery seasons had taken place in previous years. In Unit 83A, a muzzle-loading gun season will be allowed to provide more diversity of deer hunting opportunities.

The new archery seasons will go ahead in Wildlife Management Units 8, 53A, 58 and 59.

In the controlled hunt program, December seasons will again be held in Wildlife Management Units 89A, 89B, and 90A and 90B. In addition, December seasons will be held for the first time in Wildlife Management Units 91A, 91B, 92A, 92B, 92C, and 92D.

The Chatham district controlled hunt will run this year from December 5 to December 8. This replaces the November season held in previous years.

Wildlife Management Unit 55 in Pembroke district and Unit 72 in

Lindsay district have been subdivided into parts A and B.

A deer licence, available in early June, is required to hunt antlered deer. To hunt antlerless deer, a correctly completed antlerless deer tag application, available with the licence, must be returned to a ministry district office or to the address on the application no later than 5 p.m., July 31, 1988.

Those who wish to hunt in controlled areas should contact the district office in the area of interest for information and application forms. Applications must be sent to the MNR district office that corresponds to a hunter's first choice of wildlife management until by 5 p.m., August 31, 1988.

"The spirit of good sportsmanship and ethics practised by many hunters has improved the hunt," Mr. Kerrio said.

Hunters must apply for a controlled hunt using only one application form. Hunters submitting more than one application will be rejected from the draw.

Hunters who failed to return their 1987 mandatory report form are ineligible for a 1988 controlled deer hunt tag.

The 1988 - 89 Hunting Regulations Summary brochure, which will be available in late spring, outlines hunting seasons for all areas of the province. It can be picked up at any Natural Resources district office, or from the Public Information Centre, Room 1640, Whitney block, 99 Wellesley Street West, Toronto, Ontario M7A 1W3, or by calling (416) 965-4251.

Grant approved for centre

The Haliburton County Information Centre has just received its annual funding, Victoria - Haliburton M.P.P. John Eakins announced recently.

The Centre, which is based in the Village of Haliburton, will receive \$4,543 to help cover operating expenses.

The funds come from the Community Information Services program offered by the Ministry of

Culture and Communications. Mr. Eakins made the announcement on behalf of Lily Munro, Minister of Culture and Communications.

The Haliburton County Information Centre is a year-round operation located in the Drag River Municipal Building on Maple Avenue. It operates Monday to Friday from 10 a.m. until 4 p.m. A satellite office in Minden is open every Tuesday from 10 a.m. until 4 p.m.

Trent-Severn report

An appreciable decline of over 3 per cent in the reserve water occurred in the week ending June 6. On that date, the Haliburton Lakes averaged 95.4 per cent with only five lakes over 100 per cent. This decline came about without deliberate drawing of water for downstream purposes.

By Friday, June 10, flows in the tributary rivers (Gull and Burnt especially) were slipping below their

usual minimum and an increase was needed. A modest pull of stoplogs (and 'half stoplogs') was made over most of the Gull River lakes to maintain adequate flows.

The Kawartha Lakes along the Canal route were all into a slow decline as well with the stored surplus being gradually used up.

Flow along the Otonabee has been at minimum now for a week.

3 hurt in off-road accident

Ken Rowden, 35, from Minden, was in critical condition in Sunnybrook Hospital late last week after he was in an accident which involved two off-

road vehicles.

The collision involved an ATC and a motor-cycle on the hydro access road in Harburn Township. Marilyn Rowden, 33, and

Michael Rowden, 15, also sustained minor injuries in the accident.

Ken and Marilyn were thrown from the ATC when the vehicle's front

wheel struck the rear wheel of the motorcycle. Michael Rowden was the driver of the motorcycle.

The accident was investigated by OPP Constable Mark Davis.

Eakins appoints committee

John Eakins, Minister of Municipal Affairs, has announced the appointment of ten people involved in municipal government and education in Ontario to his Municipal Education and Training Advisory Council.

Eakins has asked Doug Armstrong, Chief Administrative Officer of the County of Peterborough, to serve as chairman.

Other members of the new council include Janet Golding, Mayor of St. Thomas; Gisele Lalonde,

Mayor of Vanier; Kelvin Winkler, Mayor of Kenora; Rick Frost, Chief Administrative Officer of the Regional Municipality of Peel; Herb Kreling, Clerk Administrator of the Town of Kingsville; Art Wellington, Clerk Treasurer of the Township of Paipoonge; Stewart Fyfe, Professor of Political Studies at Queen's University; Dick Tindal, Teaching Master in Government and Economics at St. Lawrence College, Kingston Campus; and Ralph Benson, Assistant Deputy Minister in the Ministry of

Colleges and Universities.

"Ontario is faced with the challenge of providing a program of continuing education and training in municipal administration that will keep municipal governments vital and responsive to the changing needs and conditions of society," Eakins said when he met recently with the advisory council.

The mandate of the advisory council will be to:

- advise the minister on education and training needs in the municipal sector;
- make recommendations on what educational opportunities should be

provided, the resources required and the financial support to be offered;

- recommend strategies for communication and discussion with educational institutions, municipal associations and other ministries, and
- develop a municipal education and training strategy that will permit wide participation by people in all parts of the municipal sector, and by people interested in municipal government.

The council will also be asked to advise on expanding teaching of local government to young people in the province.

Haliburton man injured

A Haliburton Village man received several bruises to his back when he was thrown from his truck while working at a cottage construction site on Lake Kashagawigamog last Thursday morning.

Edward Laporte was hauling fill to the cottage site. He raised the truck's dump box and a hydraulic shaft broke. The box then dropped, forcing the shaft into the truck cab. Laporte was thrown from the cab by the impact.

The accident was investigated by OPP Constable Al Bibby.

FREEMASONRY

Setting the Record Straight

Is Freemasonry A Secret Organization?

Absolutely not. Where and when Masons meet is public knowledge, as are their objectives and activities. The only "secrets" are the ways in which Masons recognize each other.

Is Freemasonry Some Sort of Religion?

It is not a religion and the subject is never discussed at Masonic meetings. A Mason must have a belief in a Supreme Being, but his particular faith or creed is a personal and private matter.

Are Masons Obligated to Help Each Other in Business?

No, Freemasonry is not organized for member profit, career enhancement or political advantage. Its purpose is to teach morality, encourage charity and practice worldwide brotherly love.

Do Masons Ever Discuss the Order with Nonmasons?

Yes, Masons welcome opportunities to talk about Masonry. As a policy, they do not solicit new members but are always ready to respond to those interested in becoming a member.

If you have other questions or would like to know more, talk to a Mason. Or write to our Grand Lodge Office on King Street West in Hamilton for a pamphlet outlining our activities, objectives and history. The mailing address is:

Tours, Displays & Refreshments to Follow

around the county town

by Jeanne Sears. Call 286-1538

Visiting the Beers family in Minden are Mrs. Mary Wright and Mrs. Anne McCreadie from High Blantyre, Scotland. They will be visiting with old friends in the area as well as attending the Grade XIII graduation at HHSS on June 25.

Two birthdays at Hyland Crest with good wishes going to Ada Lewis and Sabina McGuire, both on June 27th.

I had a call Thursday morning telling me that Ken Rowden is in critical but stable condition in Sunnybrook Hospital and Marilyn and Michael both had minor injuries. All good wishes to all three.

Correction from last week, it was Cindy and Bob Littleford of Toronto who visited the Arnold Cowens, (probably my terrible writing).

Sincere sympathy goes to the families and friends of the late Dr. Fred Barnforth, Amy Wensley and Jim Simpson whose funerals were since last week.

A very special happy birthday to Edith Russell from her euchre-playing friends of Club 35 and also from the area.

Winners at Club 35 euchre games on June 13th included door prize - Jean Harper, lone hands - Mary Stevenson, high lady - Mary Schad, high man - Ken Taylor and others - Eleanor Ferris, Clarence Bunker and Edith Russell.

Mr. and Mrs. Rex Anderson enjoyed a weekend with their parents and friends in the village.

Jean Lacey was pleased to be home again after visiting with relatives at Capreol.

Peggy Davis of Peterborough has been visiting with her daughter Helen and son-in-law Norm Lee.

Ron and Shirley Cox of Peterborough and Kirk and Kari Cox and Klint of Barry's Bay visited with Mrs. Lyman Cox and other relatives last weekend.

Mr. and Mrs. W. Stevens wish to congratulate their daughter Jacqueline and Peter Mathwitch,

owners of the newly opened Tamarack Motel, on their silver wedding anniversary, June 8. Their son Allen and daughter Catherine and friends surprised them with a Siberian Husky puppy and wished them a happy 25th anniversary.

Mr. and Mrs. Norman Gemmell of Minden (formerly of Oshawa) celebrated their 40th anniversary on June 12 with family and friends in Minden. An open house is to be held, early July, by their children Beverly, Brian, of Oshawa and Debbie of Carnarvon.

Cec and Yvonne Penney had a real surprise on Saturday, June 11. Susanne and Joanne, their daughters, planned this wedding anniversary party for a long time. There is a large crowd. The community sends good 30th anniversary wishes on the real date - June 28th.

Donna Quance, assistant at St. Paul's Anglican Church, was speaker at the A.C.W. meeting on Wednesday, June 15 after a pot luck supper.

All good wishes to these people who may still be in hospital - Lynn Cox, Doris Robertson, Al Coneybeare, Valerie Gilbert and Pearl Cowen.

I've been saving this for a while -

He criticized her pudding,
He didn't like her cake.
He wished she'd make the biscuits.

Like his mother used to make.

She didn't wash the dishes,
And she didn't make a stew.

She didn't darn his socks,
As his mother used to do.

And when one day he went,
The same old 'ritual' through

She turned and boxed his ears.

Like his mother used to do!

Anon

I hope all the Fathers had a great time on their special day June 19th. Appreciate them while they are still around, as this was something I missed as my mother was a widow and I often thought I missed a great deal.

Several things going on July 2nd. Strawberry

Supper at Legion in Kinmount from 4:30 - 7 p.m. and Pie Sale at Parkette by the Anglican Church Women on July 2nd from 10. Fun bingos start Wednesday, July 6 at Kinmount Legion and go on through August 31st, start time is at 7:30 p.m.

The Shuffleboard Group are busy many times a week trying their skills at the courts. There

are benches for spectators and if you like to watch come on up. The courts are located beside the arena.

Winners at the Art Gallery Shuffleboard Club Euchre on June 17 were - ladies high - Isobel Robertson, ladies low - Lorna Bridgman, men's high - Marg McAfee, men's low - Irene Fuhr.

Mitzi Alzner took the prize for lone hands.

kid's korner

by Jean Lacey

Hi Kids!

Here is another puzzle for you with a word list. Look in the diagram of letters for the words given in the list. Find them by reading up, down, forward, backward and diagonally. They are all in a straight line and do not skip letters. Circle the words in the diagram and cross it off the list.

It's as easy as that. Have fun!

Q: When do ghosts haunt sky scrapers?

A: When they're in high spirits.

Q: What happened when the kid ran away with the circus?

A: The police made him bring it back.

Q: How many beans can you put in an empty bag?

A: One. After that the bag isn't empty.

Pictured above are - front row: Great great grandmother Emmaline Bryant, seated - great grandmother Winnifred Cowen, back row: Teresa Clement, Arnold Cowen and Alan Clement. The five generations were gathered together on Sunday, June 5 in Haliburton.

Geared-to-income housing

by Doreen Hawman

If you or your spouse are 60 years of age or older, you may be eligible for rent - geared - to - income housing for seniors. Adults 60 or over with physical, developmental or psychiatric disabilities are also eligible for senior citizen accommodation. Rent is

based solely on income, rather than on the size or type of accommodation. A housing priority system is used to measure an applicant's need in relation to other seniors who have applied. Points are given on the basis of gross household income, less allow-

able deductions. Working applicants are allowed an employment deduction for expenditures.

If you are interested in further information or an application, drop in to your nearest information centre

In Haliburton the centre

is located in the Drag River Municipal Building, Maple Ave., open Monday to Friday 10 a.m. - 4 p.m. or call 457-2733.

For residents of the Minden area, the centre situated in the Municipal Building, Milne St., is open every Tuesday 10 a.m. to 4 p.m. or 286-4100.

Seniors enjoy games

submitted by Bill Ingram

For the third year in a row the Seniors of Haliburton have been able to enjoy the Senior Games and this year all the gold pin winners will go to Brampton, Ont. for the Ontario competitions.

The Shuffleboard games held in Minden and organized by Don and May Sinclair and assisted by Ross and Marion Farr were attended by 24

couples. The games proceeded on June 6, 8, 10 and 13. On the 13th the play-offs came down to Don and May Sinclair Gold Pin winners, Gord and Mae Jones, Silver Pins and Rea and Lorna Stinson the Bronze Pins.

We were very fortunate to have fair weather for the event and a good time was had by all. Congratulations to the

winners. We had a few spectators out to watch the games, how about more next year?

There are some new benches for spectators at the shuffleboard courts thanks in part to the residents of Staunworth Court.

The 24 teams in this tournament played their preliminary rounds, with the

eliminations starting on June 8. Still playing after the first eliminations were the teams of Mr. and Mrs. Ken Sawyer, Mr. and Mrs. Rea Stinson, Martha Mansfield and Flo Schlosser, Mr. and Mrs. Ray Knapp, Mr. and Mrs. Jack Burch, Mr. and Mrs. Don Sinclair, Hilda Harrison and Elva Deacon, and Mr. and Mrs. Gord Jones.

LET 18 YEARS EXPERIENCE WORK FOR YOU

Hunters oppose delayed opening of moose season

The Ontario Federation of Anglers and Hunters (OFAH) has vehemently opposed the very short notice given to hunters about a one-week delay in the opening of 1988 moose hunting seasons. In a strongly-worded letter to Vince Kerrio, Ontario Minister of Natural Resources, the OFAH pointed out that many moose hunters had already booked their vacation times and applied for their adult validation tags based on previous opening dates around October 2. The Northern Ontario Tourist Outfitters Association (NOTO) has also objected, stating its member lodges had sold moose hunting

vacations based on the previous opening date.

Although the Minister indicated there would be some later openings when he spoke to the OFAH Annual Conference on February 26, neither he, nor his staff, indicated the huge area to be covered until a press release was issued on April 15. The affected Wildlife Management Units, in the core moose range, stretch north of the French and Mattawa Rivers, Lake Superior and the Ontario-Minnesota border.

Beware of scams

During the months of May and June, several break, enter and thefts, also thefts have occurred in Ontario Provincial Police jurisdiction involving persons travelling throughout the province. These persons do not remain in a given area, they are constantly moving. Both business establishments and private residences are being victimized in this type of criminal activity.

With respect to businesses, one person, generally a female, will ask for change for a large bill, then two associates will stage some activity to cause confusion and in the process the person requesting the change leaves with the change for the bill and the bill itself.

Concerning the residences, one person, generally a female, will approach the occupant for directions or asking to use the telephone. During this time another associate will search the residence for jewellery and cash.

In many cases, a vehicle will not be visible but will be parked out of view.

These persons generally do not speak English fluently.

The OPP is requesting all businesses and residents to be especially vigilant concerning these activities making note of the descriptions of persons, vehicles and licence numbers.

Minden Women's Institute

Twenty members of Minden's Women's Institute and six guests gathered at Minden United Church Hall for their June 15th meeting.

The buffet meal was enjoyed by all after W.I. Grace was sung. Following this, the meeting went on with Mrs. C. Lacey presiding. Collections were taken for Card Fund, expenses of Church, and Pennies for Friendship.

Mrs. W. Moore reported sending 18 cards since last meeting. The Victoria East District Annual Report was given by director Mrs. Lyman Cox. Following this a letter from Municipal Council was read.

Amusing readings were given by Mrs. Sears and Mrs. A. Coulter. It was decided to have bake sales July 18 and August 8 and if members cannot supply baking they may make a cash donation.

Members gave their names for a variety of crafts for our display at the Fair.

A vote of thanks sent to Irene Moore for her work with Secret Pals which are now discontinued.

The next meeting will be at the Library Cultural Centre September 21 at 2. The singing of God Save The Queen brought the meeting to a close.

Jeanne Sears, P.R.O.

CARD OF THANKS

Archie Stouffer Home & School Association would like to thank Leon's Video and Harry Pye for their generous donations to our Fun Fair. We are especially grateful to Sennitt Puppets for the wonderful animal puppets they donated to be raffled. The winners were Sandy Cole, Elinore Hill, Corinne Howell, Sheri Gilbert, Anita Beaver and the Archie Stouffer Kindergarten - all of Minden. Thanks to all the merchants for selling our tickets, and everyone who bought one.

To all family and friends who helped us celebrate our fortieth wedding anniversary. Many thanks for the cards, calls, congratulatory scrolls, gifts and your presence at the open house. A special thank you to our family for arranging the celebration. Also we extend our thanks to Anna Gordon and Murray Hewitt, our wedding attendants of forty years ago. Everything is appreciated very much. Sincerely,

George & Jean Hewitt

CARD OF THANKS

The Stanhope Fire Department would like to thank everyone who supplied boats and assistance at the fire at Little Hawk Lake fire June 10. Your support is appreciated.

We would like to express our thanks to everyone who helped out last November during and after the fire. Names are too numerous to mention for all those who gave donations and moral support during our time of crisis. Thanks again.

Chris Reid and Family

AT REST

BAMFORTH

Dr. Frederick R. (Ph.D.-retired Professor of Mathematics) - at the Hyland Crest Senior Citizen's Home, Minden, on Wednesday, June 15, 1988 in his 90th year. Dear brother of Mrs. Dorothy C. Hill of Barrie, and predeceased by his brother H.L. Bamforth. Dear son of the late Richard and Annie Bamforth. Loving uncle of Dr. John Bamforth Hill, Armas Richard Hill, and Brian Frederick Hill. Dr. Bamforth was a Professor of Mathematics at Cornell University, Ohio State University, and Otterbine College in Westerville, Ohio. Rested at the Gordon A. Monk Funeral Home, Minden. Private family funeral service was held on Thursday, June 16, 1988. Interment at Ingoldsby Cemetery. Memorial Donations to the Ingoldsby United Church would be appreciated by the Family.

IN MEMORIAM

VOICEY: In loving memory of our grandfather, Harry, who passed away June 16, 1986.

Some of us never got to know you and wish that we had. But we've heard all about you and are really glad. We think of you Grampa as we would our second Dad. We miss you and wish you were still alive and home. But we know that's impossible so we just remember and love you instead.

Love Lindsay Lee, Shannon, Joshua and Harry.

VOICEY: In loving memory of our Dad, Harry, who passed away June 16, 1986.

A dear father that we all love so much. With each day that goes by. But he will always be in our hearts.

Sadly missed by his children Ivan, Tommy, Ellen, David, Barbra, Donny, Doug, Joe and Paul and families.

IN MEMORIAM

GARTSHORE: In loving memory of a dear husband, father and grandfather, Loran, who passed away June 24, 1983.

There is a home not made by hands
Beyond its golden door
Awaits the one who's now
away not lost, just gone
before.
And in that home not made by hands
The Master will prepare
A place for us and when he
calls
We'll meet our loved ones
there.

Sadly missed and remembered by Mildred, Verne and Marlin, Craig, Margaret and Jason, Gary, Pat, Chris, Gary Jr. and Sean.

IN MEMORIAM

WALKER: Ellis. In fondest memory of my dear son-in-law who passed away June 20, 1985.

Deep in my heart lies a picture of a loved one laid to rest. In memory's frame we keep it because he was one of the best.

Always remembered and deeply missed by Nell Miscio and family.
